2. I further represent that I have reviewed the evidentiary documents establishing the assignments and certify, that to the best of my knowledge and belief, title to the above-captioned application and the United States Patent No. 6,623,881 and above-identified second pending application, Serial No. 10/422,356, filed on 4/24/2003 are in Corning Incorporated.

3. To obviate a double patenting rejection, Petitioner, Corning Incorporated, hereby disclaims, under the provisions of 37 C.F.R. § 1.321, the terminal part of any patent granted on the above-captioned application, Serial No. 10/077,301, which would extend beyond the expiration date of the full statutory term, including any extensions of the original term, including those defined in 35 U.S.C. §154 to §156 and §173, as presently shortened by any terminal disclaimer of:

- prior Patent No. 6,623,881, issued on 9/23/2003, and
- any patent granted on pending application, Serial No. 10/422,356, filed 4/24/2003.

As used herein, the term "extension" includes the increase in the seventeen year term of patents under the Uruguay Round Agreement Act, as well as other extensions granted in the future. Petitioner hereby further agrees that any patent so granted on the above-captioned application shall be enforceable only for and during such period that the legal title to said

patent shall be the same as the legal title to United States Patent No. 6,623,881, and to any patent granted on pending application Serial No. 10/422,356, this agreement to run with any patent granted on the above-captioned application and to be binding upon the grantee, its successors or assigns.

5. In accordance with the fee schedule set forth in 37 C.F.R. § 1.20(d), the required fee of \$110, as well as any additional fees due in connection with the filing of this response, are hereby authorized by Corning Incorporated to be charged to our Deposit Account No. 03-3325. If any fee is required for an extension of time under 37 C.F.R. § 1.136 not accounted for above, such an extension is requested and the fee also authorized to be charged to said Deposit Account.
